Attend an Open House for City of Lake Crystal Active Transportation Plan
May 23, 2017

A brief presentation will be provided at 7 p.m. The City is looking for input on the use of the sidewalks and trails system and the identification of improvements to create a system that best serves active living in the community.

The City of Lake Crystal is developing an Active Transportation Plan with the primary goal to support active living throughout the community by providing alternatives to automobile transportation while linking people to jobs, shopping and schools via the City’s sidewalk and trail network.
