September 2019

City Flushing Water Mains

The City of Lake Crystal plans to flush water mains beginning Monday, September 16, 2019 through Thursday, September 19, 2019. The Water Department does this as normal maintenance of the water system to clear water lines of silt, debris, or stagnant water.

You may temporarily experience low water pressure and your water may appear cloudy. It is still safe for consumption, but avoid washing any light colored clothing. It is also advised that all residents run their outside garden hose bib at high velocity to remove mineral deposits from their own water service lines as part of routine maintenance.

Feel free to call utility offices at (507) 726-2538 with any questions.

Organics Recycling is Back!

Lake Crystal’s organics recycling program is back up and running! The organics dumpster has been returned to the area behind the Lake Crystal Area Recreation Center. LJP will now be the hauler for Lake Crystal’s organics. There is no charge for the program. A complete list of items that can be composted can be found at:

www.mankatozerowaste.com

Suspended Services Policy Reminder

Residents planning for an extended absence this winter for a period of at least 30 days may request to have their utility services suspended. More information on the suspended services policy and how to apply for suspended services can be found at:

www.lakecrystalmn.org/suspendedservices

Hours: M-F 8 a.m. – 4 p.m.
After Hours Emergency#:
507-726-2260 wait for the answering service to pick up
MINNESOTA COLD WEATHER RULE
Notice of Residential Customer Rights and Responsibilities

This document explains the Cold Weather Rule (CWR) and the steps you must take if you cannot pay your bill or your electric service will be disconnected.

The CWR does not forbid all disconnections. If you receive a Notice of Pending Disconnection this winter you must act immediately.

Each year, some Lake Crystal Municipal Utility (LCMU) customers are unable to pay their electric bill during cold weather. If you can’t pay your electric bill please contact us.

The Minnesota CWR was established to protect residential customers from electrical service disconnection between October 15 and April 15. CWR protection is available if all three of the following conditions exist:

1. The disconnection would affect your main heating source.
2. Your household meets CWR payment plan guidelines.
3. You and LCMU agree to a payment plan.

If you receive energy assistance between October 15 and April 15, you are eligible for CWR protection; however, you must call LCMU with your specific information.

AVOIDING DISCONNECTION

If you receive a Notice of Pending Disconnection, you must call LCMU at 507-726-2538 ext. 4 immediately and apply for CWR protection by filling out and returning the Inability to Pay Form to LCMU. You will not be protected from disconnection if LCMU does not receive this completed form.

Your service will be subject to disconnection without further notice if you do not make the agreed upon payments. If you cannot keep your original payment plan, advise LCMU immediately, it may be possible to make a new payment plan and avoid disconnection.

The law provides for income verification, which maybe requested by LCMU. The customer is automatically eligible for protection against disconnection if you are a recipient of energy assistance.

COLD WEATHER RULE PAYMENT PLANS

If you can’t pay your entire bill and need to make arrangements, call LCMU at 507-726-2538 ext. 4 to enter into a payment plan which is acceptable to both you and LCMU. The arrangement must cover the amount that is past due plus your current charges must be paid each month. The arrangement must be put on the Inability to Pay Form and returned to LCMU.

If you and LCMU cannot agree on a payment plan, you have 10 days to appeal to the State Public Utilities Commission. Your service will stay on during the appeal process.

The CWR only protects you from having your electricity shut off and energy assistance can be applied only to electric charges on your bill. Water, sewer, and refuse charges are the customer’s responsibility to pay each month. Your water can be shut off for non-payment.

THIRD PARTY NOTIFICATION

LCMU offers all customers the opportunity to have a third party notified when their electric service is about to be disconnected. This program can be especially helpful for the ill, senior citizens, or those who live alone. The purpose of this program is to notify a third party, as well as the customer, that a Notice of Pending Disconnection has been sent out. If you want to name a third party, please call and request the Third Party Notice Form.

FINANCIAL ASSISTANCE

MEDICAL ALERT

If you have a medical emergency, disabled person in the residence or require medically necessary equipment, a Physician’s Certificate of Illness Form needs to be filled out by your physician and given to LCMU.
