Residential with Distributed Generation Service

APPLICABLE TO: Residential customers who install on the customer side of the meter a distributed generation facility with capacity less than 40kW, with the intent of furnishing all or a portion of the customer’s own requirements via self-generation. This rate is applicable for all domestic uses in single-family dwellings and individually metered apartments within the service territory of the Lake Crystal Utilities, including use of motors of not more than 5 horsepower individual capacity.

This rate is intended to apply to installations in which the distributed generation facility produces an output that approximately matches the consumption of the facility. If the distributed generation facility’s output greatly exceeds the consumption of the facility, LCU reserves the right to reconsider the charges under this rate schedule, as is appropriate to the circumstances.

SERVICE AVAILABLE: Single-phase, 60 hertz, 120/240 volt, 400 amp max., 3-wire, single meter.

MONTHLY RATE:

Customer Charge (No kWh) $11.21 per meter

Plus

Energy Charge for all kWh furnished by LCU

All kWh @ 15.56¢

Plus

System Access Charge $6.94 per kW times the “modified system capacity rating” of the distributed generation facility. The modified system capacity rating is defined as an amount equal to the nameplate capacity rating of the distributed generation facility (in kW) less 3 kW, but not exceeding 20 kW.

PROMPT PAYMENT PROVISIONS: All charges are net. If the bill is not paid or mailed and postmarked by the 30th day of the month following the billing date, a late payment charge of 10 percent of the balance due will apply. If the 30th of the month falls on a Saturday, Sunday, or Holiday, the due date will be the next working day.
